

Advance-Nilfisk Part

Advance-Nilfisk Parts - Imagine how tedious it would be to clean up your very own house after having a big party, with no help from cleaning equipment. Before, the time upholstery and carpets had the dust beat out of them by hand; brushes, brooms and cleaning cloths were the leading cleaning materials during that time.

The founder of Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who liked to work on electrical motors. After establishing his business during the year 1906, he started to produce motors to drive coffee grinders, fans, machine tools and drills. Mr. Fisker's vision from the start was to own an international business advertising goods internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner that can be operated by a single individual since it just weighed 17.5 kilos! This invention came in a time where various cleaning equipment were very big and needed 4 or more operators, therefore, the Nilfisk C1 transformed everything and developed the way we clean forever. The brain behind these very first cleaning machines remains unparalleled. Cleaning machines offer an excellent solution to an ongoing problem; stuff get filthy and need to be cleaned on a regular basis, without too much effort.

Gradually but progressively, Nilfisk-Advance expanded all through the years. In the 1980s, this development truly occurred the time the business became a part of the NKT Group. Their new owners' determination and concentration made Nilfisk-Advance take a huge leap forward within the trade, trying to be one of the biggest global players in the market of professional cleaning machines. Nilfisk-Advance is now represented in all parts of the globe by gradually obtaining numerous smaller businesses to be able to develop their product portfolio and presence in new markets. They are proud to offer a variety of cleaning solutions to suit each and every requirement.
