

Forklift Electrical Part

Electrical Part for Forklifts - Forklifts together with different lift trucks may have particular labels used in certain hazardous locations. The label indicates that this specific model of lift truck meets the minimum standards of ANSI/UL 553 used for electric lift trucks or ANSI/UL 558 intended for internal combustion engine forklifts.

Applications for labeled forklifts could be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Type Designations, Areas of Use, and Maintenance and Operation. Ask your local insurance carrier and Fire Marshall for more information on the permitted uses of industrial powered lift trucks in your application.

If the lift truck has been proven to meet the outlined standards, the following labels could be put. A marked truck will have the type designation located on the forklift nameplate and will have one of the following labels attached.
